 <b>Crystal Silver Night**</b> 001 SINI

### CRYSTAL PATINA EFFECTS

 <b>Crystal White Patina</b> 001 WHIPA
---

### SHIMMER EFFECTS

 <b>Light Siam Shimmer</b> 227 SHIM
 <b>Light Sapphire Shimmer</b> 211 SHIM
 <b>Black Diamond Shimmer</b> 215 SHIM
 <b>Erinite Shimmer</b> 360 SHIM
 <b>Light Colorado Topaz Shimmer</b> 246 SHIM
 <b>Light Topaz Shimmer</b> 226 SHIM

\*\* Crystals are resistant to plating only if they are F-foiled.

<sup>1</sup> Majestic Blue's intense ultramarine hue is difficult to recreate accurately in print due to the fact that the CMYK color spectrum is used in the printing process. In order to get a truer impression of its color, please use RGB digital pictures or, ideally, ask for actual samples.

<sup>2</sup> The color Indian Siam is available only for a specific size range. Please refer to the current Collection.

Colors and effects can appear different when illuminated with different light sources. Swarovski uses standard light source D50 for color decision and comparison.

<u>Crystal White Patina</u> (001 WHIPA)			

For details on available colors and effects for each article within the product groups, please see the product matrix of the respective item in the Collection 2018. For color and effect samples, please see the corresponding color chart.

The plating resistance of effects is tested according to Swarovski's plating guidelines (SWAROVSKI-PROFESSIONAL.COM). Customers are advised to carry out their own tests if their plating parameters diverge from Swarovski plating guidelines.

\*\* Crystals are resistant to plating only if they are F-foiled.

<sup>1</sup> Majestic Blue's intense ultramarine hue is difficult to recreate accurately in print due to the fact that the CMYK color spectrum is used in the printing process. In order to get a truer impression of its color, please use RGB digital pictures or, ideally, ask for actual samples.

<sup>2</sup> The color Indian Siam is available only for a specific size range. Please refer to the current Collection.

**Classic Colors/Effects:** This color range offers a wide choice of traditional Swarovski crystal colors and effects.

**Exclusive Colors/Effects:** This color range is offered exclusively by Swarovski.

Colors and effects can appear different when illuminated with different light sources. Swarovski uses standard light source D50 for color decision and comparison. Slight changes in shades are unavoidable. Colors may vary according to cut and foiling.

The composition of Advanced Crystal is compliant with regulatory industry norms and laws regarding the restriction or prohibition of certain substances in the most relevant segments of our customers. Please note that the compliance of the crystal colors Citrine, Fireopal, Hyacinth, Light Siam, Siam, and Yellow Opal varies according to certain industry regulations. Those regulations are indicated with \* in the compliance overview. Indian Siam (option to Lt. Siam) and Tangerine (option to Sun) conform to all CLEAR-lists.
